

**Job Title: Field Civil and water Engineer- Intern**

**Company: ACsolar Company Limited**

Are you a driven and passionate individual pursuing a career in civil and water engineering? AC Solar Company Limited is offering an exciting opportunity for a Civil Engineering Intern to join our dynamic team. If you're eager to gain hands-on experience and contribute to renewable energy projects, this internship is the perfect launchpad for your career.

**Location: Kondo-Dodoma**

**About Us:**

AC Solar Company Limited is a leading renewable energy company committed to sustainable and clean energy solutions. We are at the forefront of solar energy technology, delivering innovative and reliable solutions to power a greener future.

**Responsibilities:**

- Assist in civil and water engineering design, planning, and analysis for solar energy projects.
- Collaborate with the engineering team to develop project specifications and construction plans.
- Conduct site visits and surveys to assess the terrain and environmental conditions for project planning.
- Support in the preparation of project cost estimates, budgets, and timelines.
- Assist in managing and coordinating contractors and construction activities on-site.
- Participate in project meetings and contribute to problem-solving and decision-making processes.
- Assist in the review and approval of project documentation to ensure compliance with industry standards and regulations.

### **Qualifications:**

- Enrolled in a civil/ water engineering program or a related field at an accredited institution.
- Strong interest in renewable energy and sustainability.
- Excellent communication and teamwork skills.
- Ability to work effectively in a fast-paced environment.
- Proficient in AutoCAD, EPANET, Microsoft Office Suite, and other relevant software is a plus.
- Eagerness to learn and contribute to meaningful projects.

### **Benefits:**

- Gain practical experience in civil engineering within the renewable energy sector.
- Work closely with experienced professionals and mentors.
- Opportunity to make a meaningful impact in the transition to sustainable energy solutions.
- Exposure to a collaborative and innovative work environment.
- Possibility of future career opportunities within AC Solar Company Limited.

If you are passionate about renewable energy and eager to apply your civil and water engineering knowledge to make a difference, we invite you to apply for this exciting internship opportunity.

To apply, please send your resume and a brief cover letter outlining your interest and qualifications to [jobs@acsolar.co.tz](mailto:jobs@acsolar.co.tz) by 6<sup>th</sup> October 2023. We look forward to reviewing your application.

AC Solar Company Limited is an equal opportunity employer. We encourage applications from candidates of all backgrounds and experiences.
