### ABOUT GEITA GOLD MINING LTD

Geita Gold Mining Ltd (GGML) is Tanzania's leading gold producer with a single operation in Geita Region. The company is a subsidiary of AngloGold Ashanti, an international gold producer headquartered in South Africa, with operations in more than ten countries, in four continents. The mine is situated in the Lake Victoria Gold fields of Northwestern Tanzania, only about 85 km's from Mwanza City and 20 km's Southeast of the nearest point of Lake Victoria. The company has its head office in Geita, only 5 Km's west of the fast-growing town of Geita, and also a supporting office in Dar es Salaam. Applications are invited from ambitious, energetic and performance driven individuals to fill in vacant position(s) mentioned below:

|                           |  |
|---------------------------|--|
| Position:                 | <b>Tradesperson 1 – Auto Electrical</b>    |
| Contract type & Duration: | <b>Unspecified Time Contract</b>           |
| Department:               | <b>Engineering</b>                         |
| Reporting to:             | <b>Senior Supervisor – Auto Electrical</b> |
| Number of Positions:      | <b>One (1)</b>                             |

### PURPOSE OF THE ROLE:

Purpose of the role is to perform and complete all task assignments so that all the HME/LME equipment on site are maintained to the original equipment manufacturer standards (OEM) and provide "fit for purpose" to the mining operations team for safe and efficient use in achieving the business plan. By using the correct work methods and safety precautions, to the required quality standard, completing tasks on time, and effectively using the resources given for each task. Tasks assignments, including housekeeping, inspections, electrical works, and other assignment related to the Auto Electrical workshop. The aim of this role is to assist the Senior Supervisor in reducing the re-do work for all the work executed within the Auto Electrical work function and thus reduce the MTBF (Mean Time Before Failure). As a technician 2 - Radio, you will be expected to provide guidance and support to the team when needed.
