

National Individual Consultant: Development of the National Strategy and Social and Behavioral Change Package for Reproductive Health (SRH) and HIV for adolescent, in Tanzania. 180 Days.

Job no: 570130

Contract type: Consultant

Duty Station: Dar-es-Salaam

Level: Consultancy

Location: United Republic of Tanzania

Categories: HIV/AIDS, Social and Behavior Change

UNICEF works in some of the world's toughest places, to reach the world's most disadvantaged children. To save their lives. To defend their rights. To help them fulfill their potential.

Across 190 countries and territories, we work for every child, everywhere, every day, to build a better world for everyone.

And we never give up.

How can you make a difference?

UNICEF Tanzania is seeking for a qualified national individual consultant to Development of the National Strategy and Social and Behavioral Change Package for Reproductive Health (SRH) and HIV for adolescent, in Tanzania. The Consultant will support the Ministry of Health: Health Promotion Unit (HPU) to develop a national SBC strategy that will provide guidance across all sectors to address risks behavior and harmful social norms for the reduction of SRH challenges including HIV infections among adolescents and young adults in Tanzania.

Scope of Work:

The objective of the assignment is to support the Ministry of Health: Health Promotion Unit (HPU) to develop a national Social and Behavioral Change strategy that will

provide guidance across all sectors to address risks behavior and harmful social norms for the reduction of SRH challenges including HIV infections among adolescents and young adults in Tanzania.

PAYMENT SCHEDULE.

UNICEF reserves the right to withhold all or portion of payment if performance is unsatisfactory, if work/output is incomplete, not delivered or for failure to meet deadlines.

ASSESSMENT / SELECTION PROCESS AND METHODS

Evaluations: The applicant should submit both technical and financial proposals which clearly stipulate how the work will be conducted. The Financial Proposal should include all costs of this assignment including fee, travel costs, accommodation as UNICEF will not pay any DSA.

Proposals will be both technically and financially evaluated. The technical part will carry a weight of 75%, in which the consultant will put clear his/her technical approach to ensure quality attainment of each deliverable and the consultancy in totality. The financial part will take 25% showing the proposed budget breakdown of consultancy cost for each deliverable (fees, travel and accommodation) and eventual total consultancy cost.

LOCATION, DURATION & LOGISTIC

The consultant will be based in Dar es Salaam with scheduled travel to Dodoma, Mbeya/ Songwe and other regions in Tanzania mainland as appropriate. The validity of the contract will be for 180 days.

METHODOLOGY:

The review will adopt a mixed-method approach which may include the following components:

- **Desk review:** Conduct an extensive review of documents related to the strategy, implementation plans, progress reports, relevant literature, existing reports, progress documents, data sets, and other relevant sources to gather data on the strategy's implementation.
- **Stakeholder consultations:** Engage with key stakeholders both public and private stakeholders through meetings, interviews, and focus group discussions (FGDs).

To qualify as an advocate for every child you will have...

- An advanced university degree (Master's or higher) in a relevant field, including Public Health, Social Science, Anthropology, Community Engagement and the related.
- A minimum of five years' experience in SBC and public health interventions in the context of HIV prevention among adolescents and young adults in Tanzania or sub-Saharan Africa.
- Demonstrated experience in designing/implementing/monitoring behavioral and social change communication strategies and/ or interventions inclusive of application of human-centered approaches.
- Strong experience and skills in workshop facilitation and fostering collaborations.

- Experience in social norms mapping, analysis and diagnostics.
- Strong verbal and written communication capabilities both in English and Swahili
- Experience working with MoH and other government entities in the development of guidelines, frameworks, strategies, and other key documents.
- Results-oriented and able to work under tight deadlines.
- Strong knowledge of the Tanzanian context
- Fluency in written and spoken English and Swahili is required.
